# Forward reach

1 Telescopic forklift JMT 30 attachments, plus compatibility with the full range of industry specific attachments, gives you huge flexibility and the ability to work in a wide range of applications.

2 111 degrees of carriage rotation makes handing of unpalletised goods much easier and safer. Access all areas.

3 The telescopic boom allows single-side loading, loading to the far side of rail wagons by reaching across the platform gap, reaching inside sprinter vans and loading of ships by reaching across from the quayside.

# JMT30 MAKE EVERYTHING EASY
